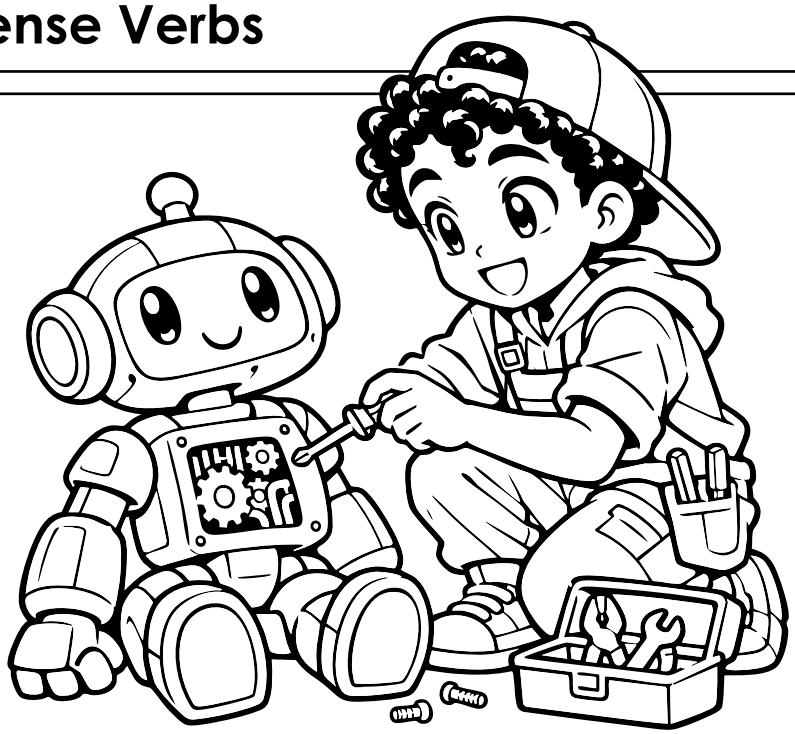
18. bought
19. awoke
20. caught



To form the past tense of most verbs, you simply add the letters **-ed**.

For example: jump (jumped), wash (washed), cook (cooked).

If a verb ends with the letter **e**, you usually add the letter -d to make the past tense.

For example: dance (danced), smile (smiled), love (loved).

Past tense verbs that do not end in **-ed** are called irregular verbs.

For example: buy (bought), forget (forgot), and hide (hid).
